

Equal opportunities policy

We (at Forest Hill Community Church) are fully committed to welcoming every person in our locality, irrespective of gender, race, sexuality, physical and mental ability, and faith.

We provide access for those with physical disabilities, including an inclined entrance for wheelchair access and disabled toilet facility.

Forest Hill Community Church is committed and active in working in partnership with other organisations and groups who provide help and support to the local community.

All people are treated as individuals with equal levels of respect and access to community groups and courses that are run by Forest Hill Community Church.
